

Technical Director, Development Programs

Location
Ottawa, Ontario

Summary

The Development Programs Technical Director (TD) is responsible for the delivery of the Maverick Development Programs from October to August. The TD is responsible for the curriculum, coach selection and performance, evaluations and developing a culture of excellence with athletes and staff.

About Maverick Volleyball

The Maverick Volleyball Club has served Ottawa and its surrounding communities in providing our youth with high quality volleyball programs since 1985. Our Club takes pride in our successful track record of promoting and cultivating leadership, organizational, team and life skills for the benefit of its members. We strive to foster an inclusive community that strives for excellence.

Along with our successful Competitive Club program the “Mavs” also offers recreational and progressive learning programs to complement its competitive teams and fulfill its "volleyball for life" focus. A series of programs provide recreational opportunities – from progressive learn-to-play to intermediate instruction and skill development – for youngsters and teens of all skill levels and ages to play at a level that best suits their needs

Affectionately known as "YOUNG MAVS" our developmental programs offer innovative 8-week programs offered indoors in the fall, winter and spring as well as outdoors on the beach in the summer.

Smashball and Kids Volley for ages 6-10
Youth Volley for ages 10-11
Teen Volley for ages 12-14
House Leagues for ages 13-17

These programs reach approximately 1,200-1,300 children between the ages of 6-17 annually. We will employ approximately 30 coaches to run these programs at 8-10 locations.

Our Young Mavs/House League programs are complemented by seasonal camps run at March Break and in the Summer which reach approximately another 400-450 youth

through 15-20 camps in July-August. The variety of camps will include options for beginners, intermediate and competitive athletes.

An additional 40 coaches are employed in the summer for our camps and beach programs.

Work Conditions
